

VOL. 2 ISSUE 2 • SPRING 2023

# TAKE PAWSE

Official Newsletter of Pams Paws Inc.

## What do you think is the hardest season to train a dog?

- IF YOU GUESSED SPRING, CONGRATULATIONS! YOU ARE CORRECT!
- NOT ONLY DOES SPRING REPRESENT THE START OF MUDDY PAWS, BUT SCENTS SURROUNDING THIS TIME OF YEAR CAN BE EXTREMELY DISTRACTING TO DOGS.
- EVERYTHING THAT HAS BEEN FROZEN THROUGHOUT WINTER IS NOW DEFROSTING AND YOUR PUP CAN SMELL IT ALL! ALL DOGS CAN SMELL AT LEAST 40 FEET UNDER GROUND, UNLESS YOU HAVE A HOUND - THEY CAN SMELL UP TO 100 FEET UNDER GROUND!
- ARM YOURSELVES WITH HIGH QUALITY SNACK AND ENSURE THEY HAVE SUFFICIENTLY SNIFFED AORUND THE PROPERTY BEFORE LEAVING ON A WALK IN ORDER TO COMPETE WITH SPRING DISTRACTIONS.

I am not a pet nutritionist or a veterinarian my list above is simply based on my own experiences and it should not be taken as medical advice.

DOG TRAINING

## REACTIVE DOG VIRTUAL SUPPORT GROUP

### MY DOG IS DRIVING ME CRAZY!

Are you dealing with a difficult dog at home? Do they struggle when socializing with other dogs? Adults? Children? Are they constantly barking? Or toxically depended on you?

You're not alone! Come meet others in a similar situation where we exchange stories and tips.

Visit [Pampawsinc.com](http://Pampawsinc.com) to sign-up!

## BOOST YOUR DOG'S HEALTH ON A BUDGET

FROM: PAMS PAWS & ALFIE RALPHIE

We all want our dog's to live longer, healthier and happier so here is a simple and super easy way to upgrade their meal plan.

When preparing meals for your human family, make sure to save all the (washed) ends and peels from items such as carrots, zucchinis, celery, romaine stems and any dog-friendly frozen fruit you may have on hand.

Pop it all into the blender and whiz it up! Pour it on top of your dog's meal once a day for an instant and delicious way to boost your dog's health by getting more nutrients into their dinner.

Did You Make This Recipe?

We'd LOVE to hear! Please tag us on Instagram @pampawsdogtraining

## EVENTS:

### Reactive Dog Virtual Support Group (FREE)

THURS, MAR 9TH  
THURS, APRIL 13TH

11:00 AM AND 7:00 PM

### Playtime Etiquette Webinar

THURS, MAY 25TH  
12:00 PM AND 7:00 PM

# Beware of Tick Season!

## How To Check Your Pet For Ticks

[www.ticktalkcanada.com](http://www.ticktalkcanada.com)

**STEP 1:** Starting at your pet's head, use your fingers like a comb and run your hands over your pet's body. You are feeling for lumps or bumps you previously did not notice. Make sure to check under your pet's collar, inside the groin area, and under your pet's front legs. It's also important to examine under your pet's tail and between his toes.

**STEP 2:** Check your pet's ears thoroughly looking inside and out.

### HOW TO REMOVE A TICK

- Removing a tick as soon as you spot it can reduce the chances of disease transmission.
- The easiest and safest way to remove a tick is by grasping it as close as possible to the skin with fine-tipped tweezers and pulling it straight out, without squeezing the body.
- NEVER try to burn a tick with a match or a candle, or cover it with petroleum jelly, nail polish, perfume or alcohol—all potentially dangerous things to do.
- Call your vet if you need help.
